LAB Resources' 2011 Quick Reference Price List
Version 1.9

It's been 21 years since LAB Resources began—with the idea of offering professional, personal service along with low pricing. During that time we have grown from a small product line of a handful of products to hundreds of products from 40 manufacturers. What has remained constant is our commitment to serving you, our customers, while offering the lowest prices. We remain a small company committed to personal service.

When you call LAB Resources, you will speak with a licensed speech pathologist who has worked with individuals with a broad range of disabilities, and has provided training on assistive technology software programs throughout Wisconsin.

Our Quick Reference Price List and Catalog contain a sampling of the products we carry. If you can't find something in our catalog or need pricing for larger quantities, please call us and we will be happy to assist you.

Please contact us if you would like a copy of our 2011 catalog.

Selection: LAB Resources is pleased to represent the product lines shown below.

AbleNet	Clearly Superior Tech Trackballs	Judy Lynn Software	Origin Instruments
Adaptivation	Crick Software	Keytec Magic Touch	Quillsoft
